Debashish Banerjee

Deloitte India

Debashish Banerjee, partner & insurance sector leader at Deloitte India, is the insurance leader for Deloitte South Asia. He has extensive experience in insurance analytics, actuarial, risk management and data science. He has more than 23 years of experience in delivering projects, building talent and business development in advanced analytics, AI/ML and predictive modelling. After doing his integrated graduation from Indian Statistical Institute, he worked at GE Insurance. He joined Deloitte in 2005 to help establish the actuarial practice in India. 'Analytics India Magazine' has named him two times in a row as one of the top 10 analytics and data science leaders in India. He also served as a Board of Advisor for Tro-
