INFORMATION ON THE WRITTEN TESTS

Preparation for the Test: The tests have been designed to measure your knowledge, understanding and ability, not just memory. You will be tested on the subjects mentioned against the appropriate Test Codes on Page 5. (Please see your Admit Card for the codes of the tests you need to write.) It will help if you review the relevant subjects carefully.

*Some sample questions and the syllabus can be found on the admission website**. The sample questions represent the type of questions used for the selection tests. **The syllabus is intended to give you an idea, but not an exhaustive list, of the topics on which you will be tested.**

Test Type: You will appear for the tests of the following types:

- (i) **Multiple Choice Questions (MCQ):** In this type of test, there are thirty (30) questions in total. For each question, four answer-choices are given, of which only one answer-choice is correct or the best.

The questions are numbered as 1, 2, 3 etc., and the answer-choices for each question are marked as (A), (B), (C) and (D). An answer-sheet (OMR Sheet) will be given with the test booklet for indicating your answers. (See sample OMR Sheet on Page 6.)

Try to answer as many questions as you can, however you will be penalized for each wrong answer. You will find the grading scheme on the question booklet.

AND/OR

- (ii) **Descriptive type:** This type of test will normally take place in the Afternoon session. In this type of test, you are expected to write the answers, supplying all the details, in a separate answer booklet given to you.

Note that the candidates who fail to secure minimum qualifying marks in the Forenoon test will not be evaluated in subsequent stages.

Based on the performance in the Written tests and academic records, some candidates will be selected for an interview. Those not selected will not be informed individually. However, a list of candidates selected for the interview will be posted on the admission website*.

* Syllabus and sample questions are available on our website: <http://www.isical.ac.in/~admission>

Rules for (MCQ) tests:

You will be given a Test Booklet containing the questions and a separate answer-sheet called **OMR sheet** to indicate your answers.

(A sample OMR sheet is given at the end of this booklet on Page 6.)

On the OMR sheet:

Use only **blue / black pen** to write on the OMR sheet.

While writing in boxes (□), please use CAPITAL LETTERS.

Do not write more than one digit / letter in one box.

1. Write your Name in CAPITAL LETTERS exactly as it appears in your Admit Card.

2. Sign (full signature) in the given box.

3. Registration number: Write down your registration number as given in the admit card by filling out all the boxes. You are also required to indicate alphabetic and numeric parts of the registration numbers by darkening the appropriate bubbles below.

4. Booklet number: Write down the test booklet number by filling out the given boxes. Also darken the appropriate bubble below each digit.

For the registration number and the booklet number, only the data provided by darkening the bubble will be considered.

5. Test code, Category and Physical Disability (PwD): Darken the appropriate bubble.

Answers to the Questions in MCQ tests:

On the OMR sheet, next to each question number, there will be four bubbles numbered (A), (B), (C) and (D). Darken only the correct bubble next to each question number. **Any other way of marking an answer will be considered a wrong answer.** If you do not want to attempt a particular question, leave all the bubbles blank corresponding to the question.

Do not use OMR sheet for rough work.

Some General Rules:

1. *Strictly follow the instructions given by the Supervisor/Invigilator:* The supervisor will tell you when to start answering a test. You should not break the seal of the test booklet till you are asked to. When the Supervisor/Invigilator asks you to stop answering a test, you must follow his/her instructions immediately.

2. Check whether the **Test code** on the booklet given to you is same as that indicated on your admit card for that session (Forenoon and Afternoon). If not, do not use that test booklet and immediately inform the Supervisor/Invigilator.

3. Do not forget to write registration no. and test booklet number on the OMR-sheet/answer-booklet.

4. MCQ type test (OMR based examination): Do your rough work in *the space provided* in the Test booklet. **Do not use OMR for rough work. You may be disqualified for Rough work or any stray mark in the OMR sheet.**

Descriptive type test: Do your rough work in the space provided in the answer booklet.

5. In the Forenoon: Return OMR sheet/answer booklet before leaving the Examination Hall. If your Program Code is DSTT or DCAG then you will also have to return your admit card before leaving the Hall.

6. In the Afternoon: Return (1) OMR sheet/answer booklet, and (2) admit card before leaving the Examination Hall.

Failing to do any of the above will disqualify the candidate.
