

Challenge Gateway for Multiple Choice Type Tests

The answer keys to Multiple Choice Questions will be available online in the week beginning 6th May, 2019. Tentative date of uploading the answer keys is 8th/9th May, 2019. However, this date may vary for different courses. The candidates are advised to visit the admission website regularly for related announcements. A new portal (URL will be announced soon after the date of examination) will be opened to enable the candidates to challenge the correctness of the answer keys and the evaluation of their OMR answer scripts online during a limited period (48 hours after opening of the corresponding challenge session).
