

INDIAN STATISTICAL INSTITUTE
Theoretical Statistics and Mathematics Unit, Kolkata

SEMINAR

Date: September 22, 2025

Time: 04:30 PM

VENUE:

L-Infinity

(5th Floor, A.N. Kolmogorov Bhavan), ISI Kolkata

TITLE:

A tale of two semigroups

SPEAKER:

S. Thangavelu

Dept. of Mathematics, IISc (Retired)

ABSTRACT:

On $L^p(\mathbb{R}^{2n})$ we have two semigroups of operators generated by the Hermite and special Hermite operators. A curious relation between these two semigroups was discovered recently. We will talk about this and some application if time permits.

ALL ARE CORDIALLY INVITED
